EXAMINER'S AMENDMENT

Page 2

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. The abstract was more than 150 words so the examiner amended it to comply.

The application has been amended as follows:

In the abstract, lines 2-3, change "therethrough and a fluid control element 110 rotatable between open and closed positions" to --and a rotatable fluid control element 110--.

REASONS FOR ALLOWANCE

- 2. Claims 1-8 are allowed.
- 3. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is a valve having the combination of bracket spaced laterally from the valve body having an open access area therebetween with a contiguous packing gland at the open access area securing packing rings around the valve stem with a shoulder supporting a first slide bearing surface that wherein the outside shoulder diameter is less than the bracket bore's inside diameter with a contiguous shear bushing having an outside diameter larger than the bracket bore's inside diameter and an inside diameter less than the stem shoulder's outer diameter with the stem having an overall length less than a distance from a bottom of the fluid bore to the bottom of the bracket..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Legris, Steele, Hirz, DiPalma, Gilbert, Gosling and Wang disclose ball valves with packings and slide bearing surfaces. Steele also discloses a coating of tungsten carbide.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Bastianelli whose telephone number is (571) 272-4921. The examiner can normally be reached on M-F (9:30-7:00).
